

DIASPORA FOR RESEARCH: LEBANON

Connecting and convening for humanitarian impact

Are you part of the Lebanese diaspora and working on research related to humanitarian crises? Or, are you a researcher based in Lebanon and want to connect and collaborate with diaspora research experts?

Diaspora for Research: Lebanon (D4R: Lebanon) is a new initiative aimed at connecting diaspora experts working on research related to humanitarian crises with their colleagues within Lebanon.

D4R: Lebanon will be co-led by diaspora and colleagues in Lebanon, and will focus on five activity pillars:

**Convening and
connecting**

**Empowering
leadership**

**Policy
advocacy**

**Amplifying
voices**

**Reflection
and learning**

Proudly supported by seed funding from the [UK Humanitarian Innovation Hub \(UKHIH\)](https://ukhihi.org/), D4R: Lebanon is convened by the [Centre for Humanitarian Leadership](https://chhl.org/), in partnership with the [Office of Research, American University of Beirut](https://research.amu.edu.lb/).
